Dear Madam:

Replying to your favour of January 22nd, I am unable to give you an estimate of the value of the eight medals about which you ask, other than to say that I think they were issued to members of a Society who paid Five Dollars a year and received two bronze medals each year.

I would suggest your getting in touch with the dealers whose names are checked on the enclosed list. They may be able to help you.

Very truly yours,

Secretary
